## CONTENTS

### —Reviews—

- Jinkichi Yoshida**: A History of Japanese Pharmaceutical Industry. .... (1)  
**Reizaburo Sakuma, Isao Ishiguro**: On the Separation and Physiological Actions  
of Flavin Adenine Dinucleotides..... (40)

### —Original Reports—

- Takeshi Shimano, Mizuo Mizuno and (Miss) Tomiko Suzuki**: Pharmacognostical  
Study of *Coptis*. I. On the Distribution and Palisade ratio of the *Sect.*  
*Crysocoptis* in Japan ..... (51)  
**Yoshiō Kato, Mamoru Sugiyura and Zenji Tsubouchi**: Studies on the Ointment  
Bases. II. On the Absorption of Sulfacetamide Sodium Ointment through  
the Intact Skin. .... (55)  
**Takeo Ohno and Itsuo Mori**: Studies on the Mercuric Compounds of Phthalein  
Derivatives. Syntheses of Chlorofluoresceins. .... (60)  
**Yōki Ose and Tairo Ikeda**: Hygenic Chemical Analysis by Paper Electro-  
phoresis. III. Separation of Uronic Acids..... (68)

### —Research Records—

- ..... (72)
